

Student Email Activation Guide

Students must activate their E-school email to receive important information. Once the student's email account has been activated, they will be able to simply click the **Sign in with Google** option when logging into their curriculum. Follow the instructions below to set-up your account.

Step 1: Go to <https://www.google.com/>

Step 2: Login with E-School credentials:

Username: **firstname.lastname@eschoolacademy.org**

Password: **Virtual#2403**

Step 3: Accept Google Terms & Conditions

Step 4: Set your own password
