ESVCA Student Transfer Information

The mission of eSchool Virtual Charter Academy is to educate k-12 students seeking a non-traditional educational setting through on-line individualized instruction. eSchool Virtual Charter Academy will provide a rigorous college preparatory learning format for students that will assist them in becoming productive, creative, responsible, ethical, and engaged citizens.

The support staff, teachers, administration, and the ESVCA Board of Governance look forward to adding new students to our school who are seeking the rigor and challenge that our charter provides. For students who are seeking a mandatory 4x4 graduation requirement and advanced placement coursework we encourage you to fill out an enrollment application to start the process of transferring to eSchool Virtual Charter Academy.
